

August 10, 2017

The Honorable Dan Patrick  
Lieutenant Governor's Office  
PO Box 12068  
Austin, Texas 78711

Dear Lt. Governor Patrick:

Thank you for your work in this special session on a number of important issues. We appreciate sincere efforts to improve education and work on behalf of Texas students. In the coming days, you will have an opportunity to deliver a major victory for students, and we hope that you will seize that opportunity by supporting House Bill 21 as it was approved with a 130-13 vote in the Texas House.

The House version of House Bill 21 is your best chance this year to do something meaningful for all Texas public school students. This bill is much more than a Band-Aid. It provides immediate help to schools across Texas that have been coping with the state's diminishing role in funding education. It also serves as a down payment on the larger process of overhauling the troubled school finance system. The school finance reforms in House Bill 21 are significant, and if made now, they can be built upon in the next legislative session.

Importantly, House Bill 21 increases the basic allotment from \$5,140 to \$5,350, which will put needed resources into classrooms across the state and provide districts with the funds necessary to raise teacher salaries. As much as additional dollars will help, the bill is more than just an injection of money. It reforms the small-school adjustment, increases the bilingual weight, expands the CTE weight to eighth grade, and provides targeted funding for students with dyslexia. It also provides \$200 million to help school districts that are scheduled to lose additional state aid for tax reduction (ASATR), and it reduces Recapture payments. All of these reforms are long overdue.

If you weaken House Bill 21, you will miss an opportunity to improve public education in Texas. You will also continue to push more of the burden onto local property taxpayers. As local education leaders, we are prepared to have another wonderful school year and fully commit ourselves to educating Texas children, regardless of what happens at the Capitol. But to be sure, you will make our work more difficult if you dismantle House Bill 21. It is a good idea to further study and develop next steps for reform of the school finance system, but not at the cost of districts that will close in the meantime. Our Texas sons and daughters need our help now – not in 2019.

Again, we want to thank those who are committed to Texas children and all of their constituents. We are grateful for your service, and we ask that you please hear our request for immediate action that will benefit every Texas public school child now and for many years to come.

Sincerely,

The Undersigned School Trustees and Superintendents of Texas

cc: Members of the Texas Senate

The following public school superintendents and trustees signed this letter during the past 24 hours:

**Superintendents:**

David Young, Superintendent, Abilene ISD  
Kevin Sprinkles, Superintendent, Academy ISD  
Steve Reynolds, Superintendent, Adrian ISD  
Kevin Brown, Superintendent, Alamo Heights ISD  
Wanda Bamberg, Superintendent, Aldine ISD
